

## Acceptable Use of Computerized Information Resources

### STUDENT'S AGREEMENT

*To be signed by every student:*

I understand and agree to follow the District's Acceptable Use and Internet Safety Policy. I also understand that if I violate the Policy my access to the District's computer network and the Internet may be revoked and disciplinary action may be taken against me.

**In order to use a Tech Valley High School laptop, I have completed the following:**

- Demonstrated to a staff member the proper handling and storage of the laptop.
- Obtained a storage and carrying bag, if you are taking it home.
- Understand that negligence leading to damage incurs a financial responsibility for repairs or replacement.

**Because electronics can be damaged or stolen in transit, students should make every effort to complete necessary work without taking equipment home from school. However, if the only means to complete assigned work is through borrowing equipment, students may do so with this form.**

**Resources belonging to TVHS may be borrowed overnight for the following reasons:**

1. Resources are identified in student's IEP or 504 plan.
2. Resources are needed for school related academic activities.

**Please sign below and return to Mr. Grimaldi or Mr. Niedermeier**

**We, the undersigned, have read, understand and agree to abide by the Acceptable Use of Computerized Information Resources policy as well as the Technology Agreement handbook.**
